Dear DX Listener:

This will verify your report of reception of our special test on Monday, December 26, 1955 between the hours of 2:30 and 3:30 A.M. Your report has been checked against our log and found to be quite accurate.

We are a daytime station operating on 1600 kc. with a power of 500 watts and located in Fort Scott, Kansas. Fort Scott is a city of about 10,000 population, 85 miles south of Kansas City and about 5 miles from the Missouri line; at the junction of U.S. Highways 54 and 69. This is a farming and poultry production area of Kansas.

Many thanks for your report and we wish you continued success in your DX-ing.

Yours very truly,

Phil C. Hendricks
