John Sampson
7940 Pacific St.
Omaha 6, Nebraska

Dear Mr. Sampson,

I received your letter dated March 29, 1956, in conjunction with your reception of KNOE radio from 5:04 AM to 5:15 AM(CST) on the same above date. After checking your information with that of our program log, I am confident that you were listining to KNOE radio. Please accept this letter as a verification of reception.

KNOE operates on a frequency of 1390 KC with a power output of 5000 Watts ND, and 5000 Watts D , Night time operation. Our night time pattern is mostly directed toward the south, in order to cover the state of Louisiana best. Monroe is located approximately one hundred miles east of Shreveport, La..

We appreciate very much your interest in KNOE, & wish to thank you for your letter of reception.

Yours very truly,

Ray Boyd
