Mr. John Sampson  
7940 Pacific  
Omaha, Nebraska

Dear Mr. Sampson

Thank you for your letter of December 24th requesting verification of some programs you received from KNUJ.

It is a pleasure to inform you that the information you gave us concerning our programs from 3:00 PM to 3:06 PM December 24th is entirely correct and that you were definitely listening to KNUJ.

I was in Omaha recently, in fact during the Christmas holiday and I likewise logged KNUJ on my car radio with considerable interference from KOAM in Pittsburgh, Kansas.

Again thank you for the letter and continued success in your hobby of radio.

Sincerely Yours,

Gerald Walston  
Chief Engineer
