

RADIO CENTER BUILDING

MISSOURI TRIANGLE KDKD-KOKO-KUDL

April 10, 1956

Mr. John N. Sampson
7940 Pacific
Omaha 6 Nebraska

Dear Mr. Sampson,

Very happy to have your letter and your report of reception of our station on 1 April, 1956. A check of our log shows that the times and the broadcasts you have listed on your letter were part of the regular transmission on that date.

Your reception of our signal speaks well for both your Hallicrafter and for our 250 Watt station. Good luck on your search for new stations, and if you ever receive our signal during you stay in Northfield, Minn., be sure to let us know.

Sincerely,

Gene Tipton
