Hi John,

I'm sorry that I kept you waiting for this letter of confirmation, but I am happy that I met you to be reminded personally. I was very glad to meet you and the other members of the National Radio Club at the convention in Cedar Rapids. Also I felt honored with the invitation to eat with your group and I hope to have more contact with the group and to see you again. This is to confirm the broadcast report submitted to my desk as of June 6, 1955. We here at Kay-Pig are happy to be among your station listings.

If I can be of any further assistance to you please let me know.

Sincerely yours,

Wayne Carl Cornils
