Dear John:

I'm sorry for being so late in replying in regard to your reception report. Everything stated in the report is correct. The name of the DJ is Jerry Dolter and I can see how the name got changed in your report. We aren't usually on that late at night but I had some work to do and Jerry thought he'd keep me company by staying on the air that night.

Thank you very much for your report. I enjoy getting them very much.

Sincerely yours,

John R. Hibbard
Chief Engineer
