Telephone ALpine 4-8436

December 6, 1954

Mr. John Sampson  
7940 Pacific  
Omaha 6, Nebraska

Dear Mr. Sampson

Thank you for your report concerning reception  
of Radio Station KRIZ.

Checking logs indicates you were receiving  
Station KRIZ during a frequency test period during  
the times indicated in your report, between 3:33 A.M.  
and 3:45 A.M., CST, November 22, 1954.

KRIZ is a 250 watt full-time independent station.  
All equipment is General Electric.

Thank you for the report, and best DX.

73"s.
