John Sampson  
7940 Pacific  
Omaha 6, Nebraska

Dear Mr. Sampson:

Thank you for your letter stating that you had heard our frequency test. Your report is correct.

K.R.T.N. broadcasts from 7:00 AM to 11:00 PM weekdays, and from 8:00 AM to 11:00 PM on Sunday. We have a frequency test on the second Friday of each month between 1:10 and 1:25 AM, Mountain Standard Time.

Raton is a small mining and ranching town, with a population of 8,000, located in the foothills of the Rocky Mountains. The altitude is 6,666, with a cool, dry climate.

Thank you again for your report on the frequency test.

Sincerely,

C.A. Williams  
First Engineer
