John Sampson,
Omaha, Nebraska.

Dear Sir:

This is to verify your report of reception of our frequency check program of January 6th, 3:57 to 4:00 AM CST. Your log checks with ours.

Our station operates with the power of 1 KW daytime only. Our single antenna throws the normal pattern with a strong lobe to the east, being shunt fed in that direction.

Thanks for the very nice report.

Very truly yours,

Lloyd W. Johnson
