John Sampson,  
7940 Pacific  
Omaha 6, Nebraska

Dear Sir;

I appreciate your report from Omaha. Manhattan Beach  
California, and your report from Omaha, represent the  
farthest points from which we have heard to date.  
Your report of reception from 2:15 to 2:30 a.m.,  
corresponds with our log of that period, on November 22.  
You can certainly add us to your list of stations  
heard.

Sincerely

Robert G. Purrington,  
Chief Engineer
