Dear John:

This is to verify your reception of KVOX on Saturday, August 2, 1958 from 8:32 to 8:44 PM.

Your program report is accurate. You heard us just before we go directional. During the month of August, this is 8:45 PM C.D.T. At the time of your report we were operating non-directional at 1kw.

As late as this reply is, I hope it still reaches you.

Thanks for the report and good luck to you.

Sincerely yours,

RADIO STATION KVOX
