Dear Mr. Sampson:

Sorry you had to write us again for verification of reception from KWOC in June. I will say that your report from 8:54PM to 9:00 PM on Wednesday, June 25 does agree with our log. At 8:54 we did have news, and the weather forecast at 8:57 followed by "Time for Music".

May we say thank you for writing, and again apologize for being so late with our answer.

Yours very truly,
