John Sampson
7940 Pacific
Omaha, Neb.

Dear John:

This is a verification of your reception of W A X X
Saturday morning, September 13, 1958.

Glad to hear you picked us up down there and the
sign on you heard was correct with the exception
that we were broadcasting with 5000 watts instead
of 1000 watts.

Yours truly,

RADIO STATION W A X X
