

JANUARY 16, 1958

W B C M

1440 KC
1000 WATTS

Dear Mr. Sampson:

I am pleased to verify your reception of our signal on Dec. 26, 1957 from 504 AM to 509 AM EST.

Your items and announcements listed checked with our program log. WBCM operates on 1440 KCS with 1000 Watts Days and 500 Watts Nights. Our regular program time is 500 AM to 1200 PM.

We have a remote controlled operation and have been well satisfied with the results.

We discontinued our FM operation altho we still have all the FM equipment and who knows but what we may go FM again someday. FM made a nice comeback in 1957 and I for one hopes it continues to increase.

By the way I am sold on Hammarlund Receivers as I have a very good Hammarlund Super Pro 400X at home.

It was nice to hear from you.

Sincerely,
W.L. Thompson
