BOONVILLE, INDIANA

September 17, 1957

Mr. L.N.Sampson  
7940 Pacific  
Omaha, Nebraska

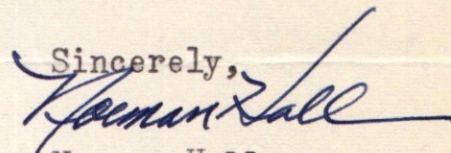

Dear Mr.Sampson:

Many thanks for your listner report of August 25, 1957. It is a real pleasure to confirm this report at this time. In checking our station log for this date I'm happy to say we must have been coming in real well.

As you know we operate on 1540 KC with a 250 W Gates G Transmitter and a 195 foot Windcharger tower. I have confirmed reports recently in Canada, D.C. and Georgia. It's always nice hearing from you boys and if at anytime you are able to search us out again please write.

Again thanks and best of luck to you and yours.

Sincerely,

Norman Hall
