

WBOK

INCORPORATED

RADIO STATION

New Orleans

800 KCS - 1000 WATTS

505 BARONNE STREET
TULANE 5363

January 13, 1955

Mr. John Sampson
7940 Pacific
Omaha 6, Nebraska

Dear Mr. Sampson:

This will acknowledge receipt of your letter of January 9th in which you report receiving WBOK's signal on January 9th from 5:00 to 5:15 P.M.

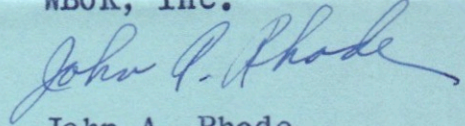

Your report is in complete agreement with the log for the above mentioned date.

WBOK uses a 1000 watt Gate BC - 1F transmitter, feeding two 262½ feet towers...radiation pattern - cardioid, with central axis, North, Northeast.

Thank you again for your letter and the best of luck always.

Cordially yours,

WBOK, Inc.

John A. Rhode
Chief Engineer
