Dear Sir:

As I was looking through my files,  
I came across your reception report  
which had not been verified. Please forgive  
me for this negligence.

Your report checks with our station log.  
WCLS went on the air on January 19, and  
operates from sunrise till sunset, and is  
independent, non-directional.

Thank you so much for your report, and  
best wishes.

Sincerely,  
Charlie H. Parsh  
Chief Engineer
