Re: Broadcast Reception Report of WCRA-AM  
(station)

Upon checking our programming files and comparing them with your report, we can verify your reception of the station listed above on 12/24/79

We do appreciate your information and invite your correspondence again in the future.

We regret any delay in answering your report but the time involved due to the numerous reports demand grouping answering letters.

Some facts about EBC -- location, Central Illinois  
WCRA-AM -- 1090KHZ/1000W/daytime only  
MOR programming, heavy on local news-sports  
  
WCRC-FM -- 95.7MHZ/50KW ERP(h&v)555A-12Mid  
C&W Music/Sports/local news (stereo)

Tower: 489ft aml includes 60ft mast for  
6-bay FM circularly polarized antennas

Transmitters @ Old Watson Road  
Studios @ Jansen Building, Downtown

Thank you again

 Ch. Engineer
