Dear John:

It is a pleasure for us to report that from your letter you definitely logged WDEC on our special "DX" broadcast the morning of February the twenty-eight~~h~~ from 3:30 to 4:00 AM EST.

We were received all over the country, judging from the many letters that we have had from you DX'ers.

Thank you for your report of reception and we hope you'll be able to hear us again some time. It was a pleasure for us to put on the program.

WDECordially,

Charles C. Smith
