Omaha, Nebraska.

Dear Mr. Sampson:

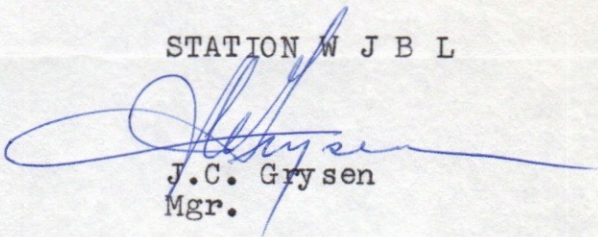

This is to verify your reception of our station on Sunday April 6th. We are very appreciative of your effort to let us know of the reception.

We are a comparatively new station, having been in operation since the latter part of 1956. It is always a pleasure to receive a letter such as yours and to know that our signal does, at times, reach such a great distance.

Should you ever be in this area we would be pleased to have you visit our studios.

Cordially
