Dear Mr. Sampson:

We are glad to hear that you were able to pick up our station there in Omaha. I believe this is the first DX report we have ever received from that city. You may consider this an official verification of reception.

Radio station WMUU is owned and operated by Bob Jones University, a Christian liberal arts university, which seeks to combine the warmth and fervor of the old time evangelistic faith with an emphasis on culture and refinement. We have approximately 3000 young people from every state in the union and several foreign countries. Over a thousand of these are young men studying for the ministry.

WMUU is mainly a music and news station with most of our programming made up of good music and news every hour on the hour. We have many good religious programs through the day.

We hope that you will be able to pick up our station again. Best wishes from all of us here at WMUU.

Sincerely,

Jim Ryerson
Station Manager
