Mr John N. Sampson
7940 Pacific
Omaha 3, Nebraska

Dear Mr Sampson:

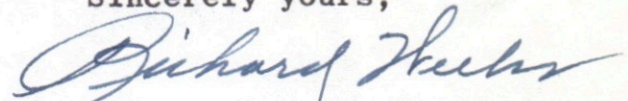

Glad to receive your report on WRR signal from your part of the country.

WRR is directional at night to the southwest with the 5,000 watts and nondirectional during the day with the same power.

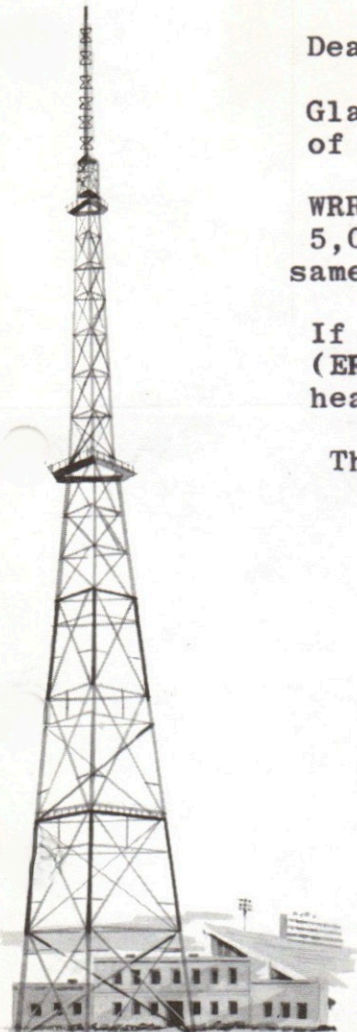

If you ever listen to FM we have WRR-FM with 68,000 watts (ERP) and would like to have a report on it if you ever hear it. It is also on 24 hours a day.

Thanks again.

Sincerely yours,

Richard Weeks
Program Director
