Dear Sir:

This is to verify your DX report of September 13, 1958.  
 Our equipment here is an RCA BTA-1MX 1000 Watt transmitter using a pair of 833's in parallel. Our antenna is a single vertical radiator, 200 feet in height, with ground radials of buried copper wire 200 feet in length, spaced every 2 degrees.

Thank you for your DX report. We shall be glad to hear from you any time you hear our station in your locality.

Very Truly yours,

*Darrell E. Dixon*  
*By us*
