Dear Sir:

We thank you very much for the report you submitted to us in your letter, about our station "X.E.D.K.", which is one transmitter belonging to our Guadalajara Broadcasting System, Inc. (Sistema Radio Guadalajara, S. A.)

We have in mind to produce a program specially for english speaking audience, from 2.00 to 3.00 A.M., Central Standard Time, for which we plan to use our station "X.E.A.V.", which is a 10-000 watt, on the frequency of 580 Kc.

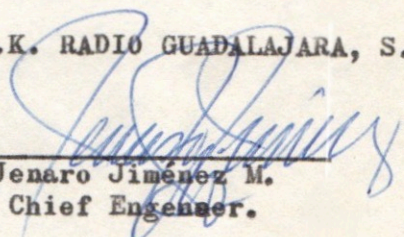

We would very much appreciate any suggestions you may care to make about our project. We intend to integrate our program with - - local news that may interest an american audience, to announce some curios obtainable here, and perhaps to serve all radio clubs and radio fans as - means of intercommunication.

For this purpose we would appreciate a list of all the members of your club to send them all the literature and data about such program.

We thank you again for your report.

Sincerely yours.

" X.E.D.K. RADIO GUADALAJARA, S. A.

Jenaro Jimenez M.
Chief Engineer.
