

May 14, 2001

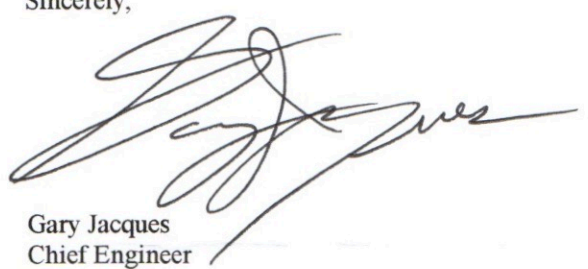

Mr. John N. Sampson
22502 North Hermosillo Drive
Sun City West, Arizona 85375

Dear Mr. Sampson,

This will confirm your reception of radio station KAZG on May 10, 2001. Thank you for the reception report and for listening to KAZG. KAZG's format is still under construction and should be in place in a couple weeks. We are presently installing computer equipment that will contain all of the songs of the 50's and 60's Rock and Roll era, as well as the commercials. At that time the station will have it's format in place. Our transmitter, which is located in Scottsdale, Arizona is a Harris Gates Five with a power output of 5KW with a shunt fed 200 foot radiator. The station at present is a daytimer with plans to go 24 hours.

Again, thank you for listening and happy DXing.

Sincerely,

Gary Jacques
Chief Engineer
KAZG-AM
