Sun City West, AZ 85375

Dear John,

Our Mr. Galen Hungate passed along your letter to me. As Program Manager, I'm pleased to confirm your reception of KCEE radio on October 4th, 1996.

As an Amateur Radio Operator, I know how important QSL's are. Allow me to pass along some information on the station: KCEE-AM operates at 940 Khz with 1000 watts during the day and 250 at night using a directional antenna system. We use a solid state Broadcast Electronics transmitter. The antennas are located South West of "A" Mountain with studios at 2100 North Silverbell in Tucson Arizona. KCEE is owned by SFX Broadcasting.

John, good luck in your BCB Dxing.

73,

Dave Kalahar, KD4HXT/7
Program Manager
KCEE/KWFM
