Mr. John N Sampson  
22502 North Hermosillo Drive  
Sun City West AZ 85375

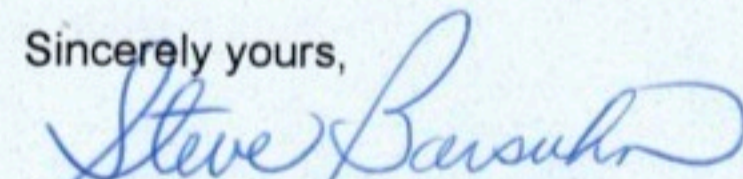

Dear Mr. Sampson:

Thank you very much for your letter reporting your reception of KEYY, AM1450, on Monday, December 6, 1999 at 6:59-7:02 Mountain Standard Time. We are happy to confirm that your report is indeed from our station. It is always exciting to hear from someone so distant from Provo.

For your information we are a non-commercial Christian station that is affiliated with the Moody Broadcasting Network. We broadcast 24 hours a day with 1000 watts on 1450 kHz. Our transmitter is a Broadcast Electronics AM1A (solid state just installed in October 1998) feeding a 163.2 foot antenna tower, the top of which is 4665 feet above sea level. Our site is located on the west side of Provo about 2 1/2 miles from Utah Lake.

Again, thanks so much for writing. We always find letters like yours to be very interesting. Enclosed are some things you may enjoy adding to your radio collection.

Sincerely yours,

Steven A. Barsuhn, manager
