

# CLEAR CHANNEL

December 31, 2003

John N. Sampson  
14809 W. Arzon Drive  
Sun City West, AZ 85375

Dear John,

I apologize for the delay. Your envelope stamped on November 8, 2003 just reached my desk, this last week of the year and I am happy to confirm your reception of **KGME, Xtra Sports 910**, on December 13, 2002. Since I only get two or three of these requests a year, I always answer them so I am not sure what happened to your first request.

KGME is a 5-thousand watt non-directional radio station during the day and 5-thousand watt directional at night. Transmitter is located around Maryland at 31<sup>st</sup> Avenue.

QSL'ing can be a fun hobby and I hope you continue to get cards and letters from all over the world.
