February 6, 1997

Mr. John Sampson
22502 N. Hermosillo Drive
Sun City West, AZ 85375

Dear Mr. Sampson,

This will confirm your reception of KHAC on September 17, 1996.

I was encouraged and a bit surprised that you are able to receive the frequency. We power down our AM station after 5 PM to 450 watts but from 6 AM to 5 PM we are at 10,000 watts. The FM station at 102.7 is 13,500 watts.

I apologize for not answering your letter that you sent last September. Sometimes with the volume of mail received, a letter can get misplaced or lost in the shuffle.

Enclosed is a program schedule and a bumper sticker. Thanks for listening and may God bless.

Sincerely,

Larry Harper
