14809 W Arzon Way
Sun City West
Arizona, 85375

Dear Mr. Sampson,

Thank you for your letter of March 10, 2004. This station went on the air January 16, 2003. Before the change of the kilocycles it was a daytime only at 1530 AM and 10,000 watts.

Our new 1670 AM is 10,000, using our original 3 tower array and Harris 10x transmitter. We received approval for 9,000 watts at night by aiming the tower toward the Pacific Ocean. Only one other expanded band station received approval from the F.C.C. for 9,000 watts with the other 60 or so stations having 1,000 watts at night.

Thank you for your letter.

Sincerely,

A handwritten signature in black ink, appearing to read "D. L. Van Voorhis".
