Dear John N. Sampson,

Thank you for listening to KLBO 1330am. We're very please that you were able to listen to our radio station. We had a small fire at our transmitter; and we are now on low power. Once fixed, hopefully, you will hear us more often.

KLBO 1330am has been here in excess of 30 years. KLBO is playing the oldies format, with weather updates each hour of the day, CNN, local sports with our sports announcer and local news. We would love for you to visit our Website at klboradio.com or you can emails us at klboradio@apex2000.net.

Again thank you for writing us and trying to listen to us.

Yours truly,

Delma Cavazos
