Dear John N. Sampson,

This communication is to confirm your reception of our transmission on 1220 KHz from San Francisco, California, USA on Monday, January 24, 2005 from 11:31pm to 11:45pm PST.

KNTS-AM operates a non-directional signal with a tower 175 feet in height fed by a solid-state Nautel ND5 medium-wave transmitter operating with 5 kilowatts/Day and .0145 kilowatts/Night. Our transmission site is approximately 50 kilometers south of the San Francisco city limits. Our daytime .5mV contour serves 7 Northern California counties, a radius of 100 kilometers.

Our station is owned and operated by Salem Communications, America's largest group of commercial stations featuring programming targeted to Christian and Conservative listeners.

Thanks for listening!
