Dear Mr. Sampson:

This is to confirm your reception of KOOL-AM, 960 KHz, on Sept. 2, 1996, between 2:57pm and 3:27pm MST. Power was 5Kw non-directional daytime. Your list of identified songs played and other programming elements is correct.

I apologize for the late response to your request for acknowledgment, and I hope that late is better than never. As you may know, in the interim between your report and this delayed response to it, on Oct. 5, 1996 KOOL-AM was sold and control passed to its new owner, Salem Broadcasting. The call letters have also been changed to KPXQ. As a consequence, your report is officially the very last reception report QSL'd by KOOL-AM. I hope this is of some interest to you.

Thank you for your report and I hope you continue to enjoy your hobby.

Sincerely,
