Re: Reception of 1450 KSPA

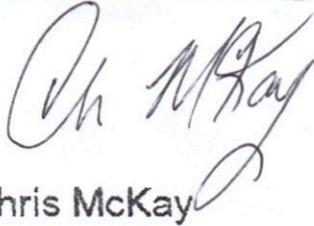

Dear John,

This letter is to confirm your reception of KSPA (AM 1450) on 27 October 1996.

It's always a pleasure to receive a letter of "reception of transmission" from various locations. As a matter of fact I received a letter last April from Inverell, New South Wales, Australia. It amazes me where the signal can be heard.

When you're in the San Diego area, please tune in to Americas Greatest Standards, AM 1450 KSPA, "The station of the stars".

The Best In Life Always,

Chris McKay  
Operations Manager  
KOWF/KSPA Radio
