FAX (602) 266-3858

DEAR John,

Enclosed please find our QSL. We do not normally QSL local reports, but felt that since I missed your earlier attempt, I would respond with a QSL.

Thank you for listening.

Sincerely,
Ravis Burby, WJJI

Sun City West, AZ 85375

Dear Mr. Sampson:

I can easily confirm your reception of KTAR's programming at the times you stated, or for any other time for that matter, because you are located well within KTAR's coverage area.

Though KTAR is licensed to Phoenix, it's coverage area extends beyond the borders of Maricopa County in all directions. In fact I'd be very concerned about the condition of our KTAR transmitting system if you couldn't pick up our signal.

Thanks for listening!

Sincerely,

Dean Kannes
Dean Kannes
Director of Engineering

P.S. If you ever want to get rid of your Collins radio, let us know. It's one fine receiver.
