Dear Mr. Sampson:

Thank you for your letter reporting your reception of KVNA – AM600. Mr. Wilson informed me he did respond to your first letter but apparently it was lost in transit.

So, let this letter serve as official verification of your reception of KVNA-AM on January 17, 2001 from 2:50PM to 3:10PM MST. Your report and our programming records are in agreement for the aforementioned date and time. Congratulations!

KVNA is broadcast from FLAGSTAFF Arizona on 600 kHz using a Collins 820D-2 transmitter. We operate at 1000 watts day and reduced power at night.

Yavapai Broadcasting, which also owns five other stations: KKLD 89.3FM, KVRD 105.7FM, KVNA 97.5FM, KZGL 95.9 & KYBC 1600AM. I am inclosing a coverage map brochure, which will give you a little more information on the stations.

Again, thank you for your letter. Best of luck on your future DXing.

Sincerely,

David J. Kessel
