John N. Sampson
14809 West Arzon Way
Sun City West, AZ 85375

Dear Mr. Sampson,

Let this letter serve to confirm your night time reception report of KWFM-AM on March 11, 2004. Your reception report clearly indicates that you were receiving KWFM from your location in Arizona.

KWFM-AM operates on a frequency of 1450 KHz full time with a non-directional pattern. Both day and night power is 1000 watts.

Thank you for your reception report. You mentioned that you had previously heard a Spanish format on 1450, which is another of our stations KTZR that swapped frequencies with KWFM in December 2003. I apologize for this QSL taking so long to get back to you.

Sincerely,

Mike Irby
Director of Engineering
Clear Channel Radio – Tucson
