KWKH **NEWSRADIO** **1130**

Novemeber 7, 1996

Mr. John Sampson
22502 North Hermosillo Drive
Sun City West, AZ 85375

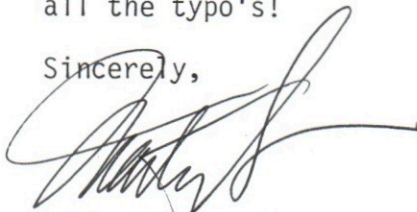

Dear Mr. Sampson;

This will confirm your reception of KWKH-AM, 1130kc, Shreveport, LA on Novemeber 3/4, 1996.

It might interest you to know that we have ordered a new 50,000 watt transmitter that will be installed sometime after March, 1997, and our signal will reach you in a much better fashion after that time. Our night-time pattern should, be FCC standards, be recievable from Orlando to San Diego!

My secretary is on vacation this week, so I've tried to type this myself, and frankly, I'm not very good at it, so please disregard all the typo's!

Sincerely,

Marty Sullivan
Operations Manager
