

John Sampson  
22502 North Hermosillo Dr.  
Sun City West,  
AZ 86375

Dear Mr. Sampson:

Thank You for your reception report, showing the programs we ran on Jan 19<sup>th</sup>, 2001. It's good to know our signal is reaching out so well.

This will, in fact, confirm your reception report.

KXTA uses a Harris DX-50 transmitter feeding 44 KW into an array of 5 towers at night, and 50 KW into the 5 towers during the day.

Thank you for your interest in KXTA.

Michael Callaghan  
Chief Engineer  
KXTA - Los Angeles

P.S. We are changing logo, and have used up the letterhead, I hope the business card will suffice.

Michael D. Callaghan  
*Chief Engineer*
