Dear Mr. Sampson:

Thank you for your letter reporting reception of KYBC on Sunday, September 8, 1996. I have verified your reception report with our station logs and have found it to be complete and correct.

Our transmitter is a Collins 820D-2 with a 1,000 watt daytime output and reduced power night service. We are located at 2405 E. Highway 89-A in Cottonwood, Arizona.

If you are ever up here in "our neck of the woods" do not hesitate to stop in. We would be happy to give you a tour.

Sincerely,

David J. Kessel
