SUN CITY WEST, ARIZONA - 85375

**Please accept this letter as confirmation of your reception report of
WJNZ 1680 KHZ. ADA, MI**

On (Date): OCT 25 1998

From (Time): 2:44 to: 3:01 AM

WJNZ's broadcast transmitter is located approximately 10 miles
due east of downtown Grand Rapids, Michigan.

WJNZ uses the Harris DX-10 10kw. digital transmitter.

The antenna system is shared with daytime sister station 1140 WXBV

WXBV uses a three tower in-line directional array antenna system.

WJNZ is diplexed into the center tower of the 1140 KHZ. array.

Thank you for your reception report

and.....

**THANKS FOR LISTENING TO
STEREO 1680 JAMZ**
