June 6, 1997

Dear Mr. Sampson:

Thank you for your interest in WPGG527 also known as KLWD. This confirms your reception of KLWD on October 8, 1996 and November 17, 1996.

KLWD is a low power travel information channel. The City of Lakewood operates the channel and will be broadcasting city and community information, and emergency information.

The channel is 10 watts. The playback on the channel is from a CD player. There will be thirty to sixty minutes of new information recorded each month. It will be played back on a repeat loop. During emergencies, we will be using the station to provide information Lakewood residents.

Sincerely,

A handwritten signature in cursive script that reads "Linda Price".

Linda Price  
Senior Producer
