Mr. John N. Sampson  
13718 W. Greenview Drive  
Sun City West, AZ 85375

Dear Mr. Sampson:

Thank you for your recent letter concerning the Arizona Game and Fish Department's low power information radio station. This transmitter, installed at the Department's Ben Avery Shooting Facility, is designed to provide recreation information to the public. It broadcasts on AM 1610 with a call sign of WQGS364.

The radio station was only recently installed and has not yet been programmed to broadcast useful information. We hope to begin broadcasting public information about recreational shooting opportunities and wildlife related material soon. The station is limited by the Federal Communications Commission to no more than 10 watts and uses an 8 meter antenna.

Congratulations on your success as a hobby radio operator. I hope you'll add this letter to your radio reception log collection.

Sincerely,

Robert R. Miles  
Chief of Public Information
