John N. Sampson
22502 N. Hermosillo Drive
Sun City West, AZ 85375

Dear Mr. Sampson:

Thank you for your letter letting the City of Culver City know that you are receiving our community radio signal in Arizona. This letter confirms your reception of Culver City's radio broadcast WQO 808 on October 19, 1997.

Our radio station is indeed broadcasting on 1650 Khz. Per your inquiry, we are broadcasting on 10 watts of power on the AM transmission with a vertical dipole antenna. Our radio signal has a weak frequency as it is meant to reach Culver City residents and businesses only.

The City will be changing the radio messages regularly and hope you enjoy listening, even if you are too far away to take advantage of the opportunities here in Culver City. If you ever visit the Los Angeles area, please feel free to call and we can arrange for you to view our radio and communications base.

Sincerely,

Randi Joseph
Public Information Officer
