Dear Mr. Sampson:

This is to confirm your reception report of Monday, January 12, 1970 and to thank you for your interest in attempting to get our station.

You may be interested in knowing that we are programming a special DXer's Night on February 23 from 0001 EST to 0700 EST.

I trust you will be listening and I hope to hear from you again.

For your information, the Canadian Broadcasting Corporation Northern and Armed Forces Services has recently installed a radio station at Alert, N.W.T. on Ellesmere Island, 430 miles from the North Pole. It is a 40 watt station, call letters are ARS Alert at 1340. They are on the air 24 hours a day. This might be the prize of all stations to get as it is the most northerly station in the world.

Best of luck in trying to reach this one as well.

Yours truly,

R. Stanley,
Manager.
