Winston-Salem, North Carolina

Dear Mr. Sampson:

On behalf of WBCI I am pleased to verify your reception of WBCI-AM on Sunday morning, August 10, 1969.

Your equipment must be quite good to read us, as we are only 500 watts on AM, not 1000 watts, as you thought. We are happy to have a listener as far away as Winston-Salem, even if it has to be at 6:15 Sunday mornings.

Incidentally, I recommend that you get a copy of White's Radio Log, which lists virtually every radio station in the world, and which would have told you our power. A current copy of the Broadcasting Yearbook would provide the same information for the United States, Canada and Mexico. I've found the latter very useful when I'm scanning the AM band myself.

Thanks very much for your interest, and if you're ever in the area, drop in.

Very truly yours,

Steve Taylor
