

WBIG RADIO

4-9-69

John Sampson
4148 Wycliff Dr.
Winston-Salem, N.C.

Dear John,

I appreciate your fine report on reception of WBIG in your area. This is to verify your report - It is correct.

We are 5000 watts day and night; however this is non directional in daytime and directional away from Winston-Salem at night. You should not be able to receive us at night.

Thanks again for your report

Sincerely

W. S. Barnes

Chief Engineer
