Dear Mr. Sampson:

This letter will serve as verification of your reception report of our test December 19-20, 1971. Your report between 12:54 a.m. to 1:45 a.m. was read with interest and appreciation. We received reports from Canada to Florida, although not much from the west.

Our equipment here consists of a Gates "Dualux" Console, Gates Limiter, an old RCA BTA-5F transmitter and a 225' top loaded antenna located in a junk yard. (Oh well)

Will be on the air again soon running a Proof, and will try to confirm them a little quicker. Thanks for listening.

73,

Jim Grainger
Chief Engineer, WGOE
