Dear Mr. Sampson,

Please let me apologize for not answering your letter sooner, I'm afraid I never saw the first one, but here's your answer to the second one, anyway. My name is Bob Ratchford (air name is Bob Lee) and I am the music director of WHAP. We don't have a full-time engineer and since I usually open the non-personal mail, I was the one to see your letter.

I was especially interested in it because I used to live just twenty miles from Winston, in Mocksville. My father was the minister of the Presbyterian church there for about five years.

We haven't printed any coverage maps in quite a while, as you can see, but I did include one of our music surveys, since music is my main interest around here.

I hope this is sufficient confirmation, and keep listening to HAPPY RADIO; we're 24 hours a day now!

Sincerely,

Bob Ratchford

Bob Ratchford
