Thank you for the report, furthest south so far!
 Hope this QSL is as good as a letterhead. WHAZ was
 sold by RPI to WPOW, Inc. in Sept. 1967. Now operates
 a full daytime only schedule of Christian religious
 programming! Still using that amazing antenna, but
 will be moving, probably to Latham, in a few months.
 Thanks again. 73 es DX.

Yours truly,

Dennis Jackson
